### EXPERIENCE

#### WAREHOUSE ASSOCIATE

PATTERSON LOGISTICS INC. | December 2022 - Present

Process daily warehouse orders and shipping documentation using SAP, ensuring accurate data entry and timely fulfillment. Validate order details and label data to minimize shipment errors and improve operational accuracy. Support inventory flow and logistics coordination in a high-volume environment.

### EDUCATION

#### OAKLEAF HIGH SCHOOL 2022

**CURRENT ENROLLMENT: UNIVERSITY OF NORTH FLORIDA (MAY 2026)**

#### STUDY ABROAD AT THE UNIVERSITY OF VERONA, ITALY (MAY – JUNE 2024)

Studied business practices in Italy, including logistics, marketing, management, and international trade.

### ACADEMIC PROJECTS

#### SPOTIFY CHURN ANALYSIS | TABLEAU DESKTOP

Developed interactive Tableau dashboards to analyze subscription churn across multiple customer segments, applying data cleaning, standardization, and validation techniques to ensure data accuracy. Used KPIs, trend analysis, and regression modeling to evaluate listening behavior and demographic patterns influencing churn risk.
